

Every Student Succeeds Act (ESSA) Work Group Meeting Dates

In an effort to align ESSA to Nevada's State Plan, the Nevada Department of Education (NDE) has created an Advisory Group and six Focus Area Work Groups to develop/recommend strategies to ensure that all students are college, career, and community ready.

Based on responses to the survey that was posted on the NDE website, various stakeholders (teachers/other licensed personnel, school leaders, district-level administrators, business members, parents/family members, and other community representatives) have been specifically assigned as members of each group. However, all meeting dates/times are open for members of the public to attend. Initial meeting dates are below, and information about future follow-up meetings between July – December will be posted once schedules are confirmed. Please feel free to contact individual NDE Work Group Leaders with any questions or comments regarding specific focus areas.
